

Only Ghost

Dan Croll

I lost my way
I lost my way home
Stray to far and wound up at your door I lost my way
I lost my way home
Stray to far and wound up at the coast
I love the wind
I love the rain
I love the coast
But I've lost my only ghost
And you're, you're my
I love the wind
I love the rain
I love the coast
But I've lost my only ghost
And you're my only ghost You call my name
You call my name out
Took the words I had right out my mouth You call my name
You call my name out
Took my hand and showed me the way south
I love the wind
I love the rain
I love the coast
But I've lost my only ghost
And you're, you're my
I love the wind
I love the rain
I love the coast
But I've lost my only ghost
And you're my only ghost You're my only ghost.
