

# Only Ghost

Dan Croll

I lost my way  
I lost my way home  
Stray to far and wound up at your door I lost my way  
I lost my way home  
Stray to far and wound up at the coast  
I love the wind  
I love the rain  
I love the coast  
But I've lost my only ghost  
And you're, you're my  
I love the wind  
I love the rain  
I love the coast  
But I've lost my only ghost  
And you're my only ghost You call my name  
You call my name out  
Took the words I had right out my mouth You call my name  
You call my name out  
Took my hand and showed me the way south  
I love the wind  
I love the rain  
I love the coast  
But I've lost my only ghost  
And you're, you're my  
I love the wind  
I love the rain  
I love the coast  
But I've lost my only ghost  
And you're my only ghost You're my only ghost.
