

# Tell Me More (Sonyae Elise)

## Havoc

Uhh, yeah  
Yeah, she lookin' right over there  
Mmm  
My neck, my fingers and my wrist  
Don't make me empty a clip  
Get a bottom upset and that's it  
Make a toast with my dough, take a sip  
Plenty cross on the kush, get lit  
Talk, phone me up, do it up, take flicks  
Look at you so grown and sexy  
Pool three, yeah, you top pedigree  
So pretty and full of energy  
Ass fat lookin' like need to be friend of B  
Relax ma, I'm a QB rider  
Anything pop off, trust me, it's minor  
Provider, hold you down real well  
No stress, no chicks caught in a cell  
Keep you so fresh that it'll never go stale  
You in-house inbox like e-mail, yeah  
Ooh, I think I'm gonna like this, baby  
Come and tell me more, tell me more  
And when you said do it, know you can live up to it  
Now here's your chance to prove it  
I'm listenin', tell me more  
Ice snub, damn silhouette  
Get it wet, I ain't even kill it yet  
You about the gettin' freaky with a strange  
Jodeci and Sade in the change  
Little nasty somethin', tongue on my fingers  
Let me be your personal trainer  
Hey ma, let's get it in, get your weight up  
Wanna see how good you look without makeup  
Livin' real sick, big with a city view  
Mess around we can make a home video  
Late night, uncut, ass clap  
Blow cloud, take a pull, pass that  
Eyes low, break day  
Forgot about tomorrow, where's V.A.  
I know, can't stay  
Ma, make an excuse, come back out to play, hey  
Ooh, I think I'm gonna like this, baby  
Come and tell me more, tell me more

And when you said do it, know you can live up to it  
Now here's your chance to prove it  
I'm listenin', tell me more  
Tastes just like cotton candy  
My hands get sticky when we  
Sucker ass, niggaz just fall off  
Fall in love then wanna marry  
Not me though, let the games begin  
Never ever save me in your cell phone  
At the end of the day, homegirl  
That's how we win  
Your description's got my attention  
I think I'm with it just for tonight  
No commitment, we just takin' it  
Boy, you got this just for tonight  
Ooh, I think I'm gonna like this, baby  
Come and tell me more, tell me more  
And when you said do it, know you can live up to it  
Now here's your chance to prove it  
I'm listenin', tell me more  
Ooh, I think I'm gonna like this, baby  
Come and tell me more, tell me more  
And when you said do it, know you can live up to it  
Now here's your chance to prove it  
I'm listenin', tell me more
