

Untouchable

Taylor Swift

Untouchable like a distant diamond sky
I'm reaching out and I just can't tell you why
I'm caught up in you, I'm caught up in you
Untouchable, burning brighter than the sun
And when you're close, I feel like coming undone
In the middle of the night when I'm in this
dream

It's like a million little stars spelling out your name
You gotta come on, come on, say that we'll be together
Come on, come on, little taste of heaven
It's half full and I won't wait here all day

I know you're saying that you'd be here anyway
But you're untouchable, burning brighter than the sun

Now that you're close, I feel like coming undone

In the middle of the night when I'm in this dream

It's like a million little stars spelling out your name

You gotta come on, come on, say that we'll be together

Come on, come on, oh
In the middle of the night waking from this dream

I wanna feel you by my side, standing next to me

You gotta come on, come on, say that we'll be together

Come on, come on, little taste of heaven
Oh, oh, oh

I'm caught up in you

Oh, oh, oh
Untouchable, burning brighter than the sun

Now you're close, I feel like coming undone
In the middle of the night when I'm in this dream

It's like a million little stars spelling out your name

You gotta come on, come on, say that we'll be together

Come on, come on, oh

In the middle of the night when I'm in this dream

It's like a million little stars spelling out your name

You gotta come on, come on, say that we'll be together

Come on, come on, come on, little taste of heaven
