

# Wrapped in Red

Kelly Clarkson

Everybody's happy  
Snow is falling down  
Prayers are being nicer  
Miracles all around From afar I've loved you  
But never let it show  
And every year another  
December comes and goes Always watching  
Never reaching (Pre-)  
But this Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall  
So magical and nothing more  
Than words I never said  
You know it's love, you see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh) Blue is where I've been  
Green can't run to you  
Silver does remind me  
That mistletoe's for two So I found a color  
That only tells the truth  
That paints a picture  
Of how I feel for you (Pre-)  
This Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall  
So magical and nothing more  
Than words I never said  
You know it's love, you see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh) (Bridge)  
I'll never feel you  
If I don't tell you (Pre-)  
This Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall So magical and nothing more  
Than words I never said  
You know it's love, you see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh) Wrapped in red (ooh-ooh-ooh-ooh)
