## Phantasmagoria

## **Circa Survive**

When I found out about the Lord I wanted more but I never could believe

That there was something that had so much love for us That could sit and let us bleed to deathThen she showed me all her love

And I couldn't trust

My god was already up.

Is the foundation of beliefs that have shaped my youth?

I found out that they weren't true

At all

God, money, and women will turn you mad

Always reaching for something that you can't have

God, money, and women will bring you down

Always searching for something that's not been foundDoesn't have to be something I can see

I don't know what to believe

Doesn't have to be something I can feel

I don't know what is realWe got to save our lives

We got to save our lives

We got to save our lives

We got to save our lives

God, money, and women will turn you mad

Always reaching out for something that you can't have

God, money, and women will break your heart

Crush your soul, and leave you empty, and torn apart
