

Same Song

Digital Underground

(And all around the world)
(And all around the world)(And all around the world) All around the world, same song
(And all around the world) All all around the world same song
Yo, we've been all around the world
(And all around the world) All around the world same song
(And all around the world) All all around the world same song(same song ...)[Shock G]
I came for the party to get naughty, get my rocks on
Eat popcorn, watch you move your body to the pop song
That I'm singing, dinga-linging
Funky beats ringin', everybody's swingin'
In the place as I kick the J A Z Z Y style
R&B mixing it with the hip hop swing beat
Champagne in my hand, it wont be long
Till I'm gone - It's just the same old song
[Humpty Hump]
It's just a freestyle, meanwhile we keep the beat kickin'
Sweat drippin, girlies in the limo eatin chicken
Oops don't get the grease on your pantyhose
I love ya Rover, move over, I gotta blow my nose
Sneezin, but still I'm pleasin to all the slimmies
Pull out my jimmie, time to get busy wit a Jenny
If it's good and plenty, don't you know
There I go, there I go, there I go
But I don't go nowhere without my jim hat (jim jat)
When I'm rappin, as if she's clappin, then I'm strappin', 'cause I'm smarter than that
Then, girlie, maybe we can get along
Cutie after cutie, it's just the same old song
All around the world, same song
It's the same ol' song, y'all
All all around the world same song
Uh, it's just the same ol' song
All around the world same song
It's the same song
All all around the world same song[Money B]
Money B, the freaky deaky, the squeaky meaky
up and down, well, as a matter of fact I'll be right back I gotta take a leaky
So I'm drainin' entertainin',
But I got fame and the bases I touch to much for me to try to be namin
Aiyyo, you saw me on cable and grinned
I busted in and I was goin' to win
A Clark Gable back in Oakland, it's the same old song
To sporty shorties, same freckles and hat

drinkin the same 40[Humpty Hump]
Hypothetical, political, lyrical, miracle whip
Just like butter, my rhymes are legit
Cause I'm the humpty. Not humpty dumpty, but humpty hump
Here a hump, there a hump, everywhere a hump[Shock G]
Ah, shut up and just listen, not dissin', don't get me wrong
But to me it's just the same old song
So just watch, my name is Shock, I like to rock and you can't stop this
2Pac go ahead, rock this[2Pac & Humpty Hump]
Now I clown around when I hang around with the Underground
Girls who used to frown, say I'm down, when I come around
Gas me and when they pass me, they used to diss me
Harrass me, but now they ask me if they can kiss me
Get some fame, people change, wanna live they life high
Same song can't go wrong, if I play the nice guy
(Claim the fame must have changed, now that we became strong)
I remain still the same (why Tu'?), cause it's the same song
All around the world, same song
The same ol' song, y'all
All all around the world same song
And ya don't, ya don't, check it
All around the world same song - it's the same song
Ya don't stop - it's just the same song
All all around the world same song
Hibbie dibbie ya don't quit
All around the world same song
Ah yeah, Humpty Hump in the house y'all
All all around the world same song
You know what - it's the same ol' song
All around the world same song
All all around the world the same song
Ahh...(same song)
(same song)
(same song)
(same song)
(same song)
(same song)
(same song)
(same song)
All around the world, same song ...
