

Say Yes

Radical Something

They cant hold me down
Cuz I'm on the run,
Lemme tell you where I'm from
Where hyphy's made, golden gates
40-water (ooooh)
And Mac Dre
Throw a hoodie on and come with me
Burn it all down with the gasoline
We're goin indie girl making history
Hey indie girl you got a kiss for me?
Snapshots
They caught us on camera
Say cheese for the picture
She was from Alabama
Red Lights
We tripped the alarm and now its 5... 4...3... 2...1 We were breakin' all kinds of laws
We were bouncin' off the walls
The times that we had were the best
We can do it one more time
Be my partner in crime
Don't tell me no
Say Yes
Are you radical?
Say Yes
If you're radical
Say Yes
Hey yo, Polaroid '88
Supersonic laser-raves
Subatomic major bass
Man those were the crazy days
Dancin' to your favorite song
Shake it like a pollywog
Freakin like a dirty dog
Nerdy girls, I love em all
Snapshots
We're goin' bananas
Say cheese for the pictures
Girls are flashing the cameras
Red Lights
We run 'em at random
Middle finger to the man because you know we can't stand 'em
We were breakin' all kinds of laws
We were bouncin' off the walls

The times that we had were the best
We can do it one more time
Be my partner in crime
Don't tell me no
Say Yes
Are you radical?
Say Yes
If you're radical
Say Yes We were breakin' all kinds of laws
We can do it one more time
We can do it, we can do it, we can do it
Yeah, yeah, yeah We were breakin' all kinds of laws
We were bouncin' off the walls
The times that we had were the best
We can do it one more time
Be my partner in crime
Don't tell me no
Say Yes
Are you radical?
Say Yes
Just say yes
If you're radical
