

How It's Done

Kash Doll, Kim Petras, ALMA & Stefflon Don

Hands up around the world
Let me show you love, show 'em how it's done
Can you see it? Hands up around the world (Hands up)
Let me show you love, show 'em how it's done (Uh, yo, yo, done, done)
Can you see it? You got your hands up, got the bands up
Got your head held high like you're starstruck
You a boss, you know how to run a bag up
You know you gon' win the race, tell 'em catch up
Trail-blazin', don't it feel amazing?
Knowing that you're the rose growin' out the pavement
After everything said and done, you done made it
You never stop, I know that's why they hatin'
And, um, shout out to all the real ones
With the bases loaded, bunch of home runs
If the outcome is more income
Then adjust your crown, job well done
Hands up around the world
Let me show you love, show 'em how it's done
Can you see it?
Hands up around the world (Hands up)
Let me show you love, show 'em how it's done (Done, done)
Can you see it? I'm focused, I'm on it, I'm waiting for you
I follow, I'm watching, I know what to do
