

Been There Done That (feat. Tove Styrke)

NOTD

Do you know what is like waiting for you
Then you apologize but you never change at all
You know what you've done to me, done to me, done to me
Do you know what is like waiting for you Why don't I see myself sometimes, why
Tell me why I keep going back
When I know I've been there done that
Why do I keep missing you for
Missing something instead of letting go
Tell me why I keep going back
When I know I've been there done that
Keep on wanting something to change Been there done that
Been there done that
You don't know what it's like loving someone
Got my heart at the back of your mind
No, I never felt so small
Now you know what you've done to me, done to me, done to me
You don't know what it's like loving someone Why don't I see myself sometimes, why
Tell me why I keep going back
When I know I've been there done that
Why do I keep missing you for
Missing something instead of letting go
Tell me why I keep going back
When I know I've been there done that
Keep on wanting something to change Been there done that
Been there done that Just let me go
If you don't know me, no, go
Tell me why I keep going back
When I know I've been there done that
Why do I keep missing you for
Missing something instead of letting go
Tell me why I keep going back
When I know I've been there done that
Keep on wanting something to change Been there done that
Been there done that
Tell me why I keep going back
When I know I've been there done that
Keep on wanting something to change
Been there done that
