

Wobble

Lethal Bizzle

See her in the gym doing two squats
Tight leggings on she dont do socks
She tryna get something happening
Tryna get a booty like Kim Kardashian
Tryna get like that emoji fruit
Tryna get it right for her birthday suit
Tryna get it right in the jeans and jogging bottoms
Half divydoubleyou and face dot cu
Yeh
All she wanna do it wine it
Yeh
Now she got audience behind it
Yeh
If you was a hit i would sign it
Yeh
All day press play and rewind it
She got the Wobble
The wot
Wobbling wobbling x8
Her futures high beaming you're that bright
Best of both worlds yeh you're that type
See her in the club and she looked right
She's like Arsene Wenger yeh fam that tight
She's my new signing, the one i'm pursuing
Hello i be interest'd but don't know what i'm doing
Window shoppers all they do is viewing
Come and treat the world, all they do is ruin
Yeh Yeh
And when i see you wine it
Yeh
You know you got audience behind it
Yeh
If you was a hit I would sign it
Yeh
All day press play and rewind it
She got the wobble
The wot
Wobbling wobbling x8
And when i see you go
Down low down low
I wanna see how far, how low you can go
I wanna see you go

Down low down low
I wanna see you wobble, wobble some more x2
She got the wobble
The wot
Wobbling wobbling x8
