## **Conversations in the Dark**

## John Legend & Lindsey Stirling

Talk less, our conversations in the dark World is sleeping, I'm awake with you, with you Watch movies that we've both already seenI ain't even looking at the screen It's true, I got my eyes on youAnd you say that you're not worth it You get hung up on your flaws With my eyes, you are perfect as you areI won't ever try to change you, change you I will always want the same you, same you Swear on everything I pray to That I won't break your heart I'll be there when you get lonely, lonely Keep the secrets that you told me, told me And your love is all you owe me And I won't break your heart On Sunday mornings we sleep in until noon I could sleep wherever next to you, next to you And we, we got places we both gotta be But there ain't nothing I would rather do Than look for my plans for youAnd you say that you're not worth it And get hung up on your flaws But in my eyes you are perfect as you are, as you aeI won't ever try to change you, change you I will always want the same you, same you Swear on everything I pray to That I won't break your heart I'll be there when you get lonely, lonely Keep the secrets that you told me, told me And your love is all you owe me And I won't break your heart When no one seems to notice And your days, they seem so hard My darling, you should know this My love is everywhere you areI won't ever try to change you, change you (Yeah) I will always want the same you, same you (Oh) Swear on everything I pray to That I won't break your heart (Yeah) I'll be there when you get lonely, lonely (Oh, when you get lonely) Keep the secrets that you told me, told me (Yeah) And your love is all you owe me And I won't break your heartOoooh, oooh I won't break your heart
