

# Everything 4 U

## Elliphant

I'm a gazelle and you're a lion.  
I heard the bells but I ignored them.  
What could be worse more  
Than the feel of freedom? I feel a love, I piece of ...  
You cracked my shell,  
Made me to tell too many secrets,  
Got me in your grip, eat me whole.  
Man, you give me ground  
You make me seek ...  
I threw it all away for you instantly. Dangerously life,  
For this I always pray  
Because I've what your wish for.  
Me mama was told me.  
Trust, lust, has cost too much, alone.  
This lust has cost too much. Has cost my face and knees.  
Life got whole but I don't give a shit.  
That's my damn view cause I'm psychotic  
There's nothing I can do about it. The only thing I know is ... for you  
Everything is free ...  
All my mind is blue.  
Everything for you (Everything for you). Break me down, wake me up  
Did he call  
Think it like a snake,  
Imma swimming  
In the ocean, the question, the answer is me  
You need direction but I'm staying right here  
The silk complexity  
I loved it before  
And in this weak all over me I can't see ...  
Where are you?  
Who am I? It's just a useless lie  
I was hot and now I'm warm  
I was warm and now I'm hot chick  
I was young but now I'm old. Old enough to not play with my ...  
I can't ... it,  
I really can't stop. Has cost my face and knees.  
Life got whole but I don't give a shit.  
That's my damn view cause I'm psychotic  
There's nothing I can do about it. The only thing I know is ... for you  
Everything is free ...  
All my mind is blue.  
Everything for you (Everything for you).
