

Nearly Forgot My Broken Heart

Chris Cornell

Every time I stare into the sun
Trying to find a reason to go on
All I ever get is burned and blind,
Until the sky bleeds the pouring rain
When you came along the time was right
Pulled me like an apple red and ripe
Wasn't very long you took a bite
And did me wrong, and it serves me right
And I nearly forgot my broken heart
It's taking me miles away,
From the memory of how we broke apart
Here we go round again, again
Every little key unlocks the door,
Every little secret has a lie
Tryina take a picture of the sun
It won't help you to see the light!
Every little word upon your lips
Makes a little cut where blood pours out
Every little drop of blood a kiss that I won't miss
Not for anything!
And I nearly forgot my broken heart
It's taking me miles away,
From the memory of how we broke apart
Here we go round again
Every single feeling tells me this is leading to a heart
In broken little pieces and you know I need this
Like a hole in the head
Every single feeling tells me this is leading to a heart
In broken little pieces and you know I need this
Like a hole in the head
And I nearly forgot my broken heart
It's taking me miles away,
From the memory of how we broke apart
Here we go round again
Here we go round again
Here we go round again
Here we go round again
