

Ftpa (feat. Erik Hassle)

Gorgon City

Let me take to a trip
Round the world and back
Everything disappears
The way you're movin' baby
Do me a favor
Stay in this moment
Once I was shattered
Once I was broken
It's coming together
My adventure
Oh, don't be scared
Right here
Do me a favor
Stay in this moment
Once I was shattered
Once you were broken
We're coming together
Oh don't be scared
I know
I'm right here
Kissing your scars softly
Watching you giving me slowly
Fuck the pain away
Fuck the pain away
Uuh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away Sure you wanna get
Get to you
Let your body do talking
I'll be listening
I'll be listening
Do me a favor
Stay in this moment
Once I was shattered
Once I was broken
It's coming together
My adventure
Oh, don't be scared
Right here
Do me a favor
Stay in this moment

Once I was shattered
Once you were broken
We're coming together
Oh don't be scared
I know
I'm right here
Kissing your scars softly
Watching you giving me slowly
Fuck the pain away
Fuck the pain away
Uuh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away I know it, ooh oh
I know it, uh baby
I know it, uh baby
I know it, uh baby
It wasn't me Kissing your scars softly
Watching you giving me slowly
Fuck the pain away
Fuck the pain away
Uuh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away
