

Light In Your Eyes

Sheryl Crow

Something's happenin'
everything's different,
but everything is fine, yeahhh This is the good stuff,
and yesterday is only what you leave behind
it's only in your mind Chorus:
You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all the light in your eyes
all the light in your eyes No use pretendin'
you never existed
til you saw the light, yeahh
You're just beginning
you haven't missed it - it's all ahead of you,
and you know what to do Chorus:
You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all the light in your eyes
all the light in your eyes Here comes the world and,
she is beautifully mysterious
shes got it all and you say,
give it to me Nobody's happy
that's not the world I know inside
where everybody hides
Chorus:
You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all that light in your eyes
all that light in your eyes You gotta talk to the one who loves you
talk to the one who understands
talk to the one who gave you
all the light in your eyes
all the light in your eyes Yeah, thank you, thank you
yeah, everything great and small
yeah, thank you, thank you
for the light in your eyes Yeah, thank you, thank you
yeah, everything great and small
yeah, thank you, thank you,
for the light in your eyes
for the light in your eyes
