

Laugh Now Cry Later (feat. Lil Durk)

Drake

Whoa, whoa
Yeah Sometimes we laugh and sometimes we cry
But I guess you know now, baby
I took a half and she took the whole thing, slow down, baby
We took a trip, now we on your block and it's like a ghost town, baby
Where do these niggas be at when
They say they doin' all this and all that? Tired of beefin' you bums, you can't even pay me
enough to react
Been wakin' up in the crib
But sometimes I don't even know where I'm at
Please don't play that nigga songs at this party
I can't even listen to that
Anytime that I ran into somebody it must be a victory lap, ayy
Shawty come sit on my lap, ayy
They sayin' Drizzy just snapped
This in between us is not like a store
This isn't an closeable gap, ayy
I see some niggas attack
And don't end up makin' it back I know that they at the crib goin' crazy, down bad
What they had didn't last, damn baby Sometimes we laugh and sometimes we cry
But I guess you know now, baby
I took a half and she took the whole thing, slow down, baby
We took a trip, now we on your block and it's like a ghost town, baby
Where do these niggas be at
When they say they doin' all this and all that?
I'm in the trenches, relax
Can you not play that lil' boy in the club?
'Cause we do not listen to rats
We in Atlanta, I buy her a wig, she tellin' me Tay is the best
Point at the nigga who act like a killer
But you only one from the neck
I'm like DaBaby, I'm not just a rapper
You play with me you will get stretched, ooh-oh Ran dracs in the hood, surround Drake around
dracs
Even though I got a case
I'ma do what it take
And I never been embraced
And the money's hard to make
So I bet they on they face right now I know that they at the crib goin' crazy, down bad
What they had didn't last, damn baby Sometimes we laugh and sometimes we cry
But I guess you know now, baby
I took a half and she took the whole thing, slow down, baby

We took a trip, now we on your block and it's like a ghost town, baby
Where do these niggas be at
When they say they doin' all this and all that? When he tell the story, that's not how it ain't how
it went
Know they be lyin', a hundred percent
Moved out of Ritz and forgot 'bout the Bent
Valet just call me to tell come get it
I knocked that boy off and I don't want no credit
If it was me, they wouldn't regret it
Left me for dead and now they want dead it, yeah Heart is still beatin', my niggas still eatin'
Backyard, it look like the Garden of Eden
Pillow talk with 'em, she spillin' the tea
And then shawty came back, she said she didn't mean it
It's hard to believe in I know that they at the crib goin' crazy, down bad
What they had didn't last, damn baby Sometimes we laugh and sometimes we cry
But I guess you know now, baby
I took a half and she took the whole thing, slow down, baby
We took a trip, now we on your block and it's like a ghost town, baby
Where do these niggas be at
When they say they doin' all this and all that?
