

# Stuck On a Feeling (feat. Snoop Dogg)

## Prince Royce

Prince Royce  
Big Snoop Dogg She got me stuck on a feeling  
She got me stuck on a feeling  
(Que lo que mami) I like you talking dirty  
I like your filthy love  
You like the way I hold you  
When we are falling in love (yo sé que sí)  
In love (mami, yo sé que sí)  
If it's love, then I don't want to come back up  
Girl, I know you're a handful  
'Cause you know what you like  
You might be hard to handle  
But I'mma show you tonight (pero qué rica estás)  
Tonight (qué rica estás)  
What it's like (what it's like)  
When you're Stuck on a feeling  
Just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real  
Gotta make it count Get stuck on a feeling  
Ya just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real  
Gotta make it count  
Get stuck on a feeling  
(Dímelo, mami)  
Stuck on a feeling Let's go hide out in private  
Won't you show me your place?  
A little peace and quiet  
Where we can both misbehave (enseñame)  
Misbehave, misbehave (mamita, enseñame)  
Misbehave, it's okay, it's okay  
When you're Stuck on a feeling  
Ya just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real  
Gotta make it count Get stuck on a feeling  
Ya just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real  
Gotta make it count  
Get stuck on a feeling What what what what what?

(Vente conmigo, mami)  
(Stuck on a feeling)She got me stuck on a feeling  
She got me stuck on a feeling  
She got me stuck on a feeling  
She got me stuck on a  
She got me, she got, she gotWheelin' and dealin' appealin' I'm realin'  
Ya still in love with me  
Al green  
I'm at it, romantic, no panic, organic  
Slide right next to me in ecstasy  
Now, who could ever make you feel like I felt?  
You're layin' on your bed  
Just playing with yourself  
You're moaning and groaning  
You're squirming and squealing  
Guess it's true, I left youStuck on a feeling  
Just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real (work it out, yeah)  
Gotta make it countGet stuck on a feeling  
Ya just can't stop, once ain't enough  
Better lock this down, better box it up  
Gotta work me out, make it real  
Gotta make it count  
Get stuck on a feelingShe got me stuck on a feeling  
She got me stuck on a feeling  
She got me stuck on a feeling (stuck on a)  
Stuck on a feelingShe got me (got, got)  
She got me, she got me (got, got, she got me)Stuck on a, stuck on a, stuck on a  
Stuck on a feeling  
She got me stuck on a feeling  
What?
