

# Look at Me (feat. Giggs)

## Tinie Tempah

Tell em that I run shit  
Baby show your good side  
Send a boy a titty and a bum pic  
Splitting all the crumbs with my mum's kids  
Promised imma get em outta Plumstead  
You a sucka nigga what  
Blowing hella trees with the squad  
You can't buy the [?] in the shop  
Paigons don't believe in a God 'til it's judgement  
I'm way up looking like I'm on a substance  
Ill be like whoo!  
She just look at me  
I can make that pussy get emotional  
They just look at me  
Coz they know that nigga really local  
Vocal, nigga really vocal  
She wanna sniff and get a nose full  
Or when I hit em with the hard shit  
I wanna strip a little pro-tool  
Phone call, got a little phone call  
Yeah nigga got a little phone call  
Say that she been waiting up for hours  
And if you don't get your pussy it's your own fault  
Own fault, nigga that's a hoe sport  
Yeah little nigga that's a hoes thoughts  
Man ain't playing no games here  
Niggas ain't on no talk  
Lemme try and calculate it  
Better get the calculators  
Scales in a plastic bag  
Nigga that's a apparatus  
Nigga think he calculated  
Nigga bout to [?]  
Black boys, make you think they [?]  
Look at me, nigga just look at me, look at me  
Picture me, you could see the crookedest crook in me  
Just got this soot on me  
In the kitchen and i'm cooking up crookedly  
Niggas talking bout ghost  
Wait, did a nigga just whoopi me  
I'm dark-skinned and she light brown  
She wanna do it with the lights down

I tell her strip I tell her lie down  
I said this shit will never die down  
Hustle on the street to get the right pound  
I just called your chick, in uber make her fly down  
Niggas try to test a nigga if a nigga change  
[?] black call this shit a nigga range  
Hope you niggas entertained  
Tell em bout my first and my second name  
Tell em bout my world record set the record straight  
In the car bumping ma\$e and some pepper spray  
No days off, even on my wedding day  
For that spot dog i never seen a leopard change  
Imma let you have it when i'm done with it  
And it's gonna be a never mate  
Tell em that a legend never dies, a legend never age  
I was in the club, you was still drinking lemonade  
I was in doing studio, when they never paid  
I was out buying yeezy's, they were selling yay  
Now look at me, look at me  
I bet you can't even look at me  
Go on gwarn with your [?]  
Aye yo, rudeboy pass me the hookah please  
Look at me, nigga just look at me, look at me  
Picture me, you could see the crookedest crook in me  
Just got this soot on me  
In the kitchen and i'm cooking up crookedly  
Niggas talking bout ghost  
Wait, did a nigga just whoopi me
