

# What Is Life (Francois Kervorkian Remix)

## Black Uhuru

What is life? Life is a spell  
What is life? No one can tell  
What is life? I try to see  
What is life? It's looking bleak They control the treasure of our birthright  
And to survive we have to struggle and fight  
The present confrontation of our mind  
The flexibility of our vision What is life? I try to see  
What is life? It's unity  
What is life? I try to feel  
What is life? It's really real Everyone say they are not excited  
While our vineyard exploited  
African woman hold me close to you  
Help me to find don't get separated  
What is life? Life is a treat  
What is life? Nothing but cheat  
What is life? Life is a test  
What is life? Some man Jah bless They control the pleasure of our birthright  
And to survive we have to struggle and fight  
The present confrontation of our mind  
The flexibility of our vision What is life? I try to see  
What is life? It's unity  
What is life? Life is a dream  
What is life? Life is a treat What is life? Life is a spell  
What is life? No one can tell  
What is life? I try to see  
What is life? It's looking so bleak  
What is life?  
What is life?  
What is life?  
What is life?  
What is life? Life is a treat
