

# When You're Smiling / The Sheik of Araby

Louis Prima

When you're smilin', when you're smilin'  
The whole world smiles with you  
When you're laughin', oh you're laughin'  
And tht sun comes shinin' through  
And when you're cryin', you bring on the rain  
Stop that sighin, be happy again  
When you're smilin', keep on smilin'  
The whole world smiles with you  
Cause he's the sheik of Sicily  
All his love belongs to me  
At night when I'm asleep  
Into my tent he'll creep  
And that stars that shine above  
Will light our way to love  
He'll rule this crazy land with me  
He's the sheiky man  
That's who he be  
Cause when you're smilin', when you're smilin'  
The whole world smiles with you
