

Fighter

Jamie Grace

seven bucks an hour, bills stacked on the counter
got a baby on the way they'll have to feed
his pride is getting torn down
his confidence is worn out
this aint the way he dreamed that this would be
but he wont ever ask why
cause he's made up his mind
he's a fighter
got that fire
when they thought he'd fade away
throws his fist up as he gets up
feeling stronger everyday
when he gets down on his knees he finds the courage to believe
he's a fighter he's a fighter
who inspires me
she's got no time for makeup
cause she's got three boys to wake up
never thought she'd have to raise them on her own
and some days she feels like crying
but she's holding on, surviving
on the love that makes their little house a home
and she sees it in their eyes
all the reasons why, yeah
she's a fighter
got that fire
when you thought she'd fade away
throws her fist up as she gets up
feeling stronger every day
when she gets down on her knees she finds the courage to believe
she's a fighter she's a fighter
who inspires me- oh woah
she inspires me-yeah
she's been here before
and she's only eight years old
and she knows the name of every nurse she's seen
and though she dont like the cemo she waits it out never losing hope and someday soon she'll
be cancer-free
she's a fighter
got that fire
when they though she'd fade away
throws a fist up keeps her head up
getting stronger every day

when she gets down on her knees she finds the courage to believe
she's a fighter, she's a fighter
who inspires-yeah
he's a fighter, he's a fighter
who inspires me
he inspires me
your my inspiration, my inspiration- yeah
your my inspiration, my inspiration- yeah
you are my inspiration, my inspiration-yeah
your my inspiration, my inspiration-yeah
