

# Our Love (Remastered 02)

Natalie Cole

You're my morning star shining brightly beside me  
And if we keep this love  
We will last through all eternity  
It's just the way we are I love it, love it  
It's just the way it should be 'Cos our love will stand tall as the trees  
Our love will spread wide as the seas  
Our love will shine bright in the night like the stars above  
And we'll always be together, our love My love is surely one thing  
You can surely depend on  
In times of darkness and fear I go to you  
I know you'll make me strong  
You're gonna make me happy  
You're gonna make me smile  
'Cos our love will stand tall as the trees  
Our love will be for the whole world to see  
Our love will change people's wrongs to right  
And we will never die  
'Cos we'll always have each other, our love Ya oo oo oo oo  
Our love will stand tall as the trees  
Our love will spread as wide as the seas  
Our love will shine bright in the night like the stars above  
And we'll always be together  
Our love, yeah our love  
We got a good old fashioned love  
Hey hey baby our love  
We got a mighty, mighty fine love  
Our love we got a mighty, mighty good love  
Bring it down, just a little  
Cause love is soft, love is sweet  
Love is nice and love is gentle  
Love is joy, love is pain  
Love is laughing in the rain I've got love on my mind  
Love is always right on time  
Love is you and love is me  
Love is just a little baby  
I've got love on my mind  
Love is always right on time  
Love is you and love is me  
Love is gonna set you fre-eee ya  
Our love, baby, our love
