

# Moonrock (feat. Juicy J)

## DVBBS

Your boys and Juicy J  
Woozy gang Don't let me get in my zone  
Got a moonrock in my cone  
Got a bad chick in my i8  
& her ass off of  
I just rang through but  
Half a mil to remodel my home  
That I only slept in twice  
Smoked out parties every other night  
I am not at the club  
I brought the club to me  
And you not on the guest-list  
If you ain't got no double D's Moonrock in my cone Moonrock in my cone Moonrock in my  
cone Moonrock in my cone Moonrock in my cone Moonrock in my cone Moonrock in my  
cone Moonrock in my cone Moonrock in my cone  
Sleepin on your chick  
She saw my car and she blacked out  
She woke up and saw a real nigga, for the first time  
And passed back out  
Fucking with a vet  
I got these hoes in check  
I break some rubberbands, they get they panties wet  
Just copped a pound, and let her break it down in a lab  
Then roll up some more cones  
And blow more smoke than a power plant
