

# Almost Love

## Sabrina Carpenter & R3HAB

The moment when "I love you" is right before you go  
The moment when the curtain's down before the show  
The moment when you're done, but maybe just don't know  
That's how I feel before I get you all alone  
And we could give it a minute  
But what's the fun in a minute?  
When we could push all the limits, ah yeah  
Shirt hanging on my shoulders  
Both hands when I hold you  
So baby, what's the hold up?  
Yeah, yeah  
Can you feel the tension rising?  
Now you're, now you're getting it close  
Now you're, now you're getting it close  
Almost love, it's almost love  
Speed this up 'cause I'm excited  
No more, no more taking it slow  
No more, no more taking it slow  
Almost love, it's almost love  
It's almost love, it's almost love  
But it could be love  
Almost love, almost love  
But it could be love  
Almost lo-lo-love, almost love  
But it could be love  
It could be love, it could be  
I want you like a midnight owl wants a view  
I want you like a loner wants an empty room  
I want you like a kiss that's long and overdue  
I need you more than I have ever needed you  
And we could give it a minute  
But what's the fun in a minute?  
When we could push all the limits, ah yeah  
Shirt hanging on my shoulders  
Both hands when I hold ya  
So baby, what's the hold up?  
Yeah, yeah  
Can you feel the tension rising?  
Now you're, now you're getting it close  
Now you're, now you're getting it close  
Almost love, it's almost love  
Speed this up 'cause I'm excited  
No more, no more taking it slow  
No more, no more taking it slow  
Almost love, it's almost love  
It's almost love, it's almost love  
But it could be love

Almost love, almost love  
But it could be love  
Almost la-la-la-la-love, almost love We could give it a minute  
But what's the fun in a minute? Can you feel the tension rising?  
You're getting, oh, so close  
Now you're getting, oh, so close  
Almost love, almost love  
Oh, 'cause I'm excited  
No more taking it slow  
No more, no more taking it slow It's almost love  
Almost love oh baby, almost love  
But it could be love  
'Cause it's almost love  
But it could be love, almost love  
I said it's almost love, but it could be love  
'Cause it's almost love, but it could be love  
But it could be love, yeah
