## Can't Help Falling in Love

## **Andrea Bocelli**

Wise men say Only fools rush in But I can't help Falling in love with you. Shall I stay Would it be a sin If I can't help Falling in love with youLike a river flows Surely to the sea Darling, so it goes Some things are meant to beSo take my hand Take my whole life, too For I can't help

Falling in love with youSome things are meant to be

Take my hand Take my whole life, too For I can't help

Falling in love with you

For I can't help Falling in love with you
