

Sunflower (feat. Steve Lacy)

Vampire Weekend

Sunflower in the morning
Standing in the garden
All before you wake No power can compel you
Out into the daylight
Let that evil wait Strange thought upon the pillow
"What day demands a date?"
Well I don't know
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep Sunflower in the evening
Standing in the garden
Taking up that space
No power can compel me
Back into the daylight
Let that evil wait Strange thought upon the pillow
"What day demands a date?"
Well I don't know
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep (You know...)
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do be deep
Do be do
