Sunflower (feat. Steve Lacy)

Vampire Weekend

Sunflower in the morning

Standing in the garden

All before you wakeNo power can compel you

Out into the daylight

Let that evil waitStrange thought upon the pillow

"What day demands a date?"

Well I don't know

Do be do be deep

Do be do be deepSunflower in the evening

Standing in the garden

Taking up that space

No power can compel me

Back into the daylight

Let that evil waitStrange thought upon the pillow

"What day demands a date?"

Well I don't know

Do be do be deep

Do be do be deep

Do be do be deep

Do be do be deep (You know...)

Do be do be deep

Do be do
