

# Suspended By the Throat

## Job for a Cowboy

Goodbye, I'll mend your loss.  
Let the carcass of your martyr burn, in the process of punishment  
Your ashes and embers will light up the skies.  
Let the carcass of your martyr burn, in the process of...  
You only have yourself to blame.  
Take my hands, you'll be burned before their eyes.  
You'll be burned before their eyes. Let the carcass of your martyr burn, in the process of...  
Let the carcass of your martyr burn, in the process of punishment  
Let the carcass of your martyr burn, in the process of punishment  
Let the carcass of your martyr burn, in the process of punishment  
Let the carcass of your martyr burn, in the process of...  
What more does it take to see your death?  
How much must be done to see you choke?  
What more does it take to...  
Suspended by the throat, the knot it chokes  
Suspended by the throat, the knot it chokes  
Suspended by the throat, the knot it chokes  
What more does it take to see your death?  
How much must be done to see you choke?  
Let the carcass of the martyr burn, in the process of punishment. Suspended by the throat, the  
knot it chokes  
Suspended by the throat, the knot it chokes
