

Switch (feat. Emmalyn)

Afrojack & Jewelz & Sparks

[Verse 1]

Heaven on your body
I give what I love to take
So hold on to me
Don't let go of me
I ain't just somebody
Got three ways to make you stay
Come discover me
Just keep touching me

[Chorus]

We can do better [?]
I'm gonna kneel too if you're prayin'
No, I ain't selfish, I'm just saying
Baby, I'll go first, I'll go first, 'til we switch
Just like this
Takin' our, takin' our turns, 'til we switch
Just like this
Takin' our, takin' our turns, 'til we switch [Verse 2]

My body is a temple
Only you open the door
Come in onto me
Baby, worship me
You give me a feeling
Fill the hole that's in my soul
I see you in me
You see me for me

[Chorus]

We can do better [?]
I'm gonna kneel too if you're prayin'
No, I ain't selfish, I'm just saying
Baby, I'll go first, I'll go first, 'til we switch
Just like this
Takin' our, takin' our turns, 'til we switch
(back and, back and forth, back and, back and forth)
Just like this

(gimme, gimme more, gimme, gimme more)

'Til we switch [Bridge]

Underneath the flashing light

Flip it 'til we get it right

Do it in [?][Chorus]

'Til we switch

Just like this

Takin' our, takin' our turns, 'til we switch
(back and, back and forth, back and, back and forth)
Just like this
(gimme, gimme more, gimme, gimme more)
'Til we switch
(back and, back and forth, back and, back and forth)
Just like this
(gimme, gimme more, gimme, gimme more)
'Til we, 'til we, 'til we, 'til we, 'til we, switch
