

# Fuck Donald Trump (feat. D.L. Hughley)

## Tamu

It amazes me to convince black people  
that Donald Trump cares about them  
he takes pictures with celebrities.  
Its amazing to me Ah ah yo Trump president,  
Police, they killing black man.  
Im looking at the news  
like whats happenin'  
Howd he get elected.  
The fucks goin on and  
im feelin disrespectd if he can run But why cant I.  
I know they goin try so I get high  
I know that he get high too,  
that why he do the way shit that he do.  
Always sayin where is shit out the blue  
Howd you get elected man  
Who vouched for you. Youre not my president Look at your hair look at your skin  
You need some medicine.  
You think your better huh.  
Your red to black folks.  
You think you're better huh.  
Pay-back for Obama thats why you win.  
They'd rather you before they let a woman win.  
Thats fucked up, but thats the world we livin' in.  
I dont care if he does it, just dont disrespect my muslim friend. (Donald Trump cared about  
black people,  
he would have denegated the president  
with those claims of bursuries,  
he wouldnt have stoked fears,  
and racist fears and saying that  
this man is less than him. is not one of us.  
to become president.  
If Donald Trump cared  
about the concerns of Black people,  
he wouldnt have ended the  
debate talked about bringing back stock infringement. ) Nah nah  
Now lets get to this wall that  
Trump built youre just going hand  
from the gate trying chill.  
You just say what you wanna say  
Fuck how we feel.  
Youre one president  
that we should probably kill

.and probably will.And im just talking facts,  
aint trying to preach  
His Wife stole Obamas speech.  
Word for word She aint changed shit.  
Im surprised she aint keeping the same names in.  
Then he said he's smart. He dont pay taxes.  
If I Dont pay tax I arrest on my ass quick.  
Then he brag about how he got money by the branch trucks But his business keep going  
bankrupt.He like to talk but he dont think much.  
Marshall always comes  
and gets some guns and gets your aim up.  
everything we know is about to change up.  
See the president see we brain fucked.  
Donald Trump dont care about black people.  
just sessions most certainly wouldnt be  
his pick to hit the justice system.  
Donald Trump takes pictures of michael.Having a comedian and a rapper  
and a football player  
to talk about the concerns of the community.  
You know why you have a comedian,  
a rapper, and a football player.  
Out to talk about the concerns  
of the community.  
Cause thats the positions that youre used  
to seeing us being.  
You would rather see a football player,  
a rapper, a comedian  
and you would rather have black people play as comedians than the president.  
You would rather see us  
run the ball then run the country.Thats what you do.  
I aint never gonna forget what you do.  
Forget what you said about this man  
and how you got to how you are.  
Some people might but I never will.  
Ill never forget  
how you denigrate his family  
I will never forget how you stole fear.  
Fuck you now and fuck you forever.  
Fuck you now and fuck you forever.
