

Drop Top (feat. Travis Porter)

Flosstradamus

feat. Travis Porter
Drop top foreign with the horse in it
Three bad bitches with some dope kiss
And no need to wait it, we gon' go get it
In the stripclub, spinnin' with the whole clip
Drop top x4()
Hit the stripclub, my niggas all crazy
I tatter the baggage, inflate the baby,
Gon' take that lil' bag of gravy
Security trigger, that kind of laser
He made illustration of baby (???)
We ran outta words, we ain't got some more
Identities, they playn later
Drop top foreign with the horse in it
The O's good, cause it hit that live meat
You can see me while I'm drivin', cause the cart's in it
And my female in the back, bitches round in it()
Drop top with the Benz on me, ask disco skirt, evidently
Three bad bitches like a G run cheap
No doze in the air, RPG
Tell me I'm a stranger, no, I don't blame 'em
Then I pull off in my rainman
Be damage a burger, send me a cane
Bitch, you know I ain't no hater, true
My niggas stop the country just to show her how we kick it
Take 'em to the strip club, tell 'em cut the riches
20 thousand on the bitches, 2 thousand dollas fo' the brickses
Terrieta, how we kickin', this a young nigga and we livin'
Drop top foreign with the horse in it
Three bad bitches with some dope kiss
And no need to wait it, we gon' go get it
In the stripclub, spinnin' with the whole clip
Drop top x4
