

# Give it to Me (feat. E-40)

[TeeFLii](#)

You wearin' that dress, gettin' ratchet  
You goin' up down, up down  
Yeah, sit that pussy on my face  
Young nigga but I don't play  
Show me what that 'bout  
I can give you rounds 'til you tap out  
Dick too bomb, let me beat it 'til it's numb  
Annie you a bad bitch  
I can make you do it, make you do it  
Girl don't lie, we gon' have sex  
All night, all night  
You gon' give it to me, you gon' give it to me  
You gon' give it to me, put that thing on me  
You gon' give it to me, you gon' give it to me  
I'm all up on your body and you' give it to me  
Cause you're wearin' that dress  
Gettin' ratchet  
You goin' up down, up down  
Baddest bitch on the floor  
You fuck around and get it, get it, get it crackin'  
You turn around and let 'em see you're ass shake  
Don't be trippin' cause everybody got a little ratchet in 'em  
I can sell a square, a O  
I can sell a information person the commercial  
Let my [?] unravel and go to work  
Free the nipple, go to work  
Baby got back but yours is fatter  
I'm tryna smack it up and flip it like a spatula  
Ever since I can remember I've been a benefactor  
And my manipulation for my masters, degree  
Touch your toes  
I'm on your line like a telephone pole  
Give it to me  
Get live, let me see a show  
Shake it like jello in a tupperware bowl  
Bitch
