

# Just As Long As We Have Love

## The Spinners & Dionne Warwick

We may not have a mansion on a hill  
Mink coats and diamonds by the score  
But the things we have no man could ever take it  
Just the two of us, now who could ask for more? We may not have a big stashed away  
No one knows what tomorrow brings  
But as long as I have you there's no mistaken  
That the world is ours to do most anything Baby just as long as we have love  
To show us we can lean on  
If we fall  
Baby just as long as we have love  
We'll have it all We may not have a change of clothes to wear  
The price of love is all we pay  
We can show the World when two hearts beat together  
We don't even need to know the time of day  
Let all the people keep their wealth and fame  
And those in fancy diamond rings  
There's a price to pay when two worlds  
Dealt between us  
We can share the World 'cause we have ev'rything Baby just as long as we have love  
To show us we can lean on  
If we fall  
Baby just as long as we have love  
We'll have it all (We'll have it all) Baby just as long as we have love  
To show us we can lean on (hmm-mm-m-mmm)  
If we fall  
Just as long as we have love  
To show us we can lean on  
(Oh yes we can now)  
If we fall  
Baby just as long as we have love  
To show us we can lean on  
(Oooh we can lean)  
If we fall (Baby! )  
Just as long as we have love
