Just In Time

Tony Bennett & Michael Bublé

Just in time I found you just in time Before you came my time Was running low I was lost The losing dice were tossed My bridges all were crossed Nowhere to go Now you're here And now I know just where I'm going No more doubt or fear I found my way For love came just in time You found me just in time And changed my lonely life that lovely day I was lost The losing dice were tossed My bridges all were crossed Nowhere to go Now you're here And now I know just where I'm going No more doubt or fear I found my way For love came just in time You found me just in time And changed my lonely life that lovely day
