## Who'd Have Known

## Lily Allen

It's five o'clock in the morning Conversation got boring

You said you were going to bed soon

So I snuck off to your bedroom

And I thought I'd just wait there

Until I heard you come up the stairs

And I pretended that I was sleeping

And I was hoping you would creep in with mePut your arm around my shoulder

And it was as if the room got colder

When we moved closer in together

Started talking about the weather

You said tomorrow would be fun

And we could watch a place in the sun

I didn't know where this was going

When you kissed me

Are you mine? Are you mine?

'Cause I stay here all the time

Watching telly, drinking wineWho'd have known? Who'd have known?

When you flash up on my phone

I no longer feel alone, no longer feel aloneI haven't left you for days now

And I'm becoming amazed how

You're quite affectionate in public

In fact your friend said it made her feel sick

And even though it's moving forward

There's just the right amount of awkward

And today you accidentally called me babyAre you mine? Are you mine?

'Cause I stay here all the time

Watching telly, drinking wine

Who'd have known? Who'd have known?

When you flash up on my phone

I no longer feel aloneLet's just stay, let's just stay

I wanna lie in bed all day

We'll be laughing all the way

You told your friends, they all know

We exist but we're taking it slow

Let's just see how it goes

Let's see how it goes Are you mine? Are you mine?

'Cause I stay here all the time

Watching telly, drinking wineWho'd have known? Who'd have known?

When you flash up on my phone

I no longer feel alone

Let's just stay, let's just stay

I wanna lie in bed all day
We'll be laughing all the way
You told your friends, they all know
We exist but we're taking it slow
Now let's just see how it goes
Let's see how it goes
