

# Get Involved (feat. Timbaland & Missy Elliott)

## Ginuwine

Get involved Ginuwine  
Get involved Timbaland  
Get involved Misdemeanor  
Get involved Ginuwine get involved  
Blow your mind, I does it all  
Misdemeanor, that freaky talk  
That fready-deaky-dick, lick-licky talk I ain't gotta take it off  
I just wanna get involved  
I just wanna get involved  
I, I just wanna get involved  
You wanna get involved? Get involved  
I don't mean to come on, come on too strong  
But girl you make me weak  
Look so pretty, so innocent  
Make me wanna bring out the freak Ain't gotta be scared, go ahead let it out  
It could stay between you and me  
We could turn it up, I'm turnin' you out  
If you take my hand and leave Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me You know my M.O. girl, it's Timbo  
Get dough and I stay on my grind  
You say that you ain't leavin' with me tonight  
Then why you keep givin' me the eye? A little convo, you'll be ready to go  
I bet that I, I could make you mine  
I'll beat on your drum, bump, bump, get you off

Get involved with me  
Girl get it involved with me  
Get involved with meGet involved with me  
Get involved with me  
Get involved with me
