## Reel Big Fish

Who, oh yeah, alright Awesome  
So awesome  
S-s-so awesome Like tattered sails  
The shreds of my heart  
In your fingernails  
Open my mouth  
But I can't get this out It never fails  
A bed of roses and coffin nails  
I hold my breath  
'Cause I'm so scared to death  
We tried to lie  
And you denied  
But our secret isn't safe, no You're awesome  
So awesome  
You're everything  
That I want in a girl You're crazy  
Well amazing  
And everything  
That's wrong with the world You're great  
Your filled with hate, uh huh  
And you can't escape Awesome  
So awesome  
S-s-so awesome  
My legs are sore  
My heart it black to the very core  
This life of crime  
But i'll get used to it in time We keep it low  
But I think they know  
And our secret isn't safe, no You're awesome  
So awesome  
Your everything  
That I want in a girl You're crazy  
Well amazing  
And everything  
That's wrong with the world Don't wait  
Procrastinate, uh huh  
'Cause it's not too late You're radical  
You're radical  
You're radical  
You're radical S-s-so awesome  
S-s-so awesome You're awesome  
So awesome

You're everything  
That I want in a girl You're crazy  
Well amazing  
And everything  
That's wrong with the world Don't wait  
Procrastinate, uh huh  
'Cause its not too late You're great  
You're filled with hate, uh huh And I can't escape  
And I can't escape  
And I can't escape S-s-so awesome
