

# O Haleakala

Trevor Hall

I was calling out your name  
Before I knew from where you came  
A spirit big  
A spirit strong  
I could hear that spirit song O Haleakala  
My mana grand mama  
You say open up and live  
Let that sweet love come in Ocean bottom  
Mountain sky  
I and I and I and I  
I go forth into the heart  
Aloha spirit through the dark O Haleakala  
My mana grand mama  
You say open up and live  
You learn more the more you give  
Brother said I Mua  
And so I go forth  
Mountains in the water sing songs of when we were children  
The land speaks  
You were always children  
And you shall continue like stars  
And so it is  
Sit in the Earth and hear Her wisdom  
She spoke through water and swaying trees  
We went around Her  
Cows in the pasture  
We drove towards the sun  
I Mua brother said  
I heard it again  
Do you believe in the dreaming  
If not your days will be dark  
The 'aina calls to the one I once was  
A song line returns  
And I am happy  
Thank you Great Spirit  
Thank you again
