

# Meet You There

## Augustana

Climb up a mountain, just to watch it come down  
But sooner or later babe, you're gonna need me around  
'Cause you're getting older, ain't no stopping that  
It's a backstabbing world honey, just lean your head back  
The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night  
And meet you there someday  
Six in the morning, never felt so sweet  
Just put on lucinda baby, and dance with me  
I know I'm hard to count on  
Forget half what I'm told  
You probably only know my voice from  
A goddam microphone  
The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night  
And meet you there someday  
It's a fuckin' waste  
A teenage taste of me  
But if daddy cries, just say goodnight  
And i'll come  
If I could change  
I'd keep away the rain  
Well the sun would shine every night  
And I'll come. meet you there someday...  
The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night  
And meet you there someday
