

Meet You There

Augustana

Climb up a mountain, just to watch it come down
But sooner or later babe, you're gonna need me around
'Cause you're getting older, ain't no stopping that
It's a backstabbing world honey, just lean your head back
The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night
And meet you there someday
Six in the morning, never felt so sweet
Just put on lucinda baby, and dance with me
I know I'm hard to count on
Forget half what I'm told
You probably only know my voice from
A goddam microphone
The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night
And meet you there someday
It's a fuckin' waste
A teenage taste of me
But if daddy cries, just say goodnight
And i'll come
If I could change
I'd keep away the rain
Well the sun would shine every night
And I'll come. meet you there someday...
The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night
And meet you there someday
