

# Too Many Years (feat. Pnb Rock)

## Kodak Black

I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard, niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind 'Cause I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard, niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind  
I told my mama we gon' be fine  
So I'm up all night way after sleep time  
I'm just thinkin' 'bout Lil Kuda, gave my dog a dime  
He put a [?] shots in a nigga's behind  
No daddy so I grew up to the street life  
But my son, I'ma keep him the beehive  
Scheming on a heist, I need to change my life  
Been geekin' all night, I'm going senile  
With two niggas toting three 4-5's  
I seen a nigga play gangsta, then he broke down  
Lost a lot, lost his mind in the courthouse  
I'm on XXL, I'm in New York now  
I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard, niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind I keep thinkin' 'bout my niggas  
I think I need a [?] I would keep on falling victim  
Lost up in the system  
Miss my brothers and my sisters  
Damn I miss my lil one  
I know sometimes I be tripping  
But I just miss my niggas  
I got codeine in my liver

I gave the judge a piece of me  
I'm too street for the industry  
But I think that's where I need to be  
'Cause verbally, mentally, and physically I keep that heat  
Me and my brother fit in  
We smoking one with PME  
Niggas say they fuck with me  
But lowkey they be [?] me  
Bitches don't mean shit to me  
People tryna sentence me  
How a youngin' posted on the street, gon' call it Sesame  
1K 'til the death of me, don't put your life in jeopardy I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard, niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind
