

# Sing Your Song

David Martin

Unaware that I can hear  
You sing your song to me  
This melody surrounding me  
Is a sound that I can see  
Sing your song  
Your song of devotion and love  
Ill try to sing along  
As you sing your song  
Others sing but they dont bring me  
The joy Ive found in you  
You were made for me  
Now I can see through your lifes poetry  
Sing your song  
Your song of devotion and love  
Ill try to sing along  
As you sing your song  
Your song goes on and on and on, your song goes on and on and on  
If you think you cant sing  
Just let your life be the melody
