

# Joan

## Erasure

Never taste it  
Power generation  
You live up your life and it feels like fire, whoa  
Suspended in animation  
A trick of the light and it drives you higher, whoa oh oh  
Blind vision  
Blind faith  
You really can be sold  
If you dare to disagree  
It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy  
It's just not within the scheme of things (live your life)  
To give your life so easily (I'll be there)  
Easily  
Psychic celebration  
Look up in the stars and see Venus rising, whoa whoa  
Rapture, fascination  
You live for the night and your own desire, whoa oh oh  
Blind vision  
Blind faith  
You really can't rely  
On what they tell you for effect  
It's just not within the scheme of things (live your life)  
To give up your life so easily  
That's not the way you're meant to be (I do care)  
What a waste of time and energy  
It's just not within the scheme of things (live your life)  
To give your life so easily  
That's not the way you're meant to be (I'll be there)  
What a waste of time and energy  
Energy  
Blind vision  
Blind faith  
You really can be sold  
If you dare to disagree  
It's just not within the scheme of things (live your life)  
To give up your life so easily  
That's not the way you're meant to be (I do care)  
What a waste of time and energy  
It's just not within the scheme of things (live your life)

To give your life so easily  
That's not the way you're meant to be (I'll be there)  
What a waste of time and energy  
It's just not within the scheme of things (live your life)  
To give up your life so easily  
That's not the way you're meant to be (I do care)  
What a waste of time and energy  
It's just not within the scheme of things (live your life)  
To give your life so easily  
That's not the way you're meant to be (I'll be there)  
What a waste of time and energy  
Energy  
Energy  
Easy, easy, easy energy
