

Why Don't U (feat. Abra & iLoveMakonnen)

Father

hot boys and xanies
sundress no panties
and we day drunk
and we butt rub
and i no sleep like Addies
is this love daddy?
is this love?
why dont u love me daddy
why dont u why dont u
why dont u love me daddy
you come around and you be trippin
see you in the club and you always want me tipping
take you to the spot
baby make it hot
you dont call me back
i wonder what the fuck we got
see me with them other girls
lying bitches new pearls
u say "i dont love u"
im like "girl, give u the world"
take you out to Atlanta
show u all bandanas
all my shit is bananas
girl u acting so damn crazy
i cant even do this shit
im bout to go out to la
u trippin on my bitch
told u bout my west coast hoes
told u bout y north side bitch
u want to go to hotels
but u cant even act right, bitch
why dont u love me daddy
why dont u why dont u
why dont u love me daddy
i fell in love in a?
she only fuck with them 'truders
"why u still fuck w them xanies?"
she ask me cause i fell in love with the stupor
percocet keeping me lucid
blackouts they give me excuses
you know u want do it
go head and then do it

pass out and wake up in her fluids
hit the night life and i fuck off? the restroom and duck off
walk in the party like fuck everybody
they just wanna see us all fall off
im tired of lookng for love
as much as im tired of lookng for drugs
im tired of being high all the time
to convinc niggas i give a fuck
i just want these rches
been grew tired of all these bitches
on my dick like broomsticks
wicked witches on the 6
whatchu gonna do
and cant say no
when them feelings start to show
girl i really need to know, ya
why dont u love me daddy
