

My Moon My Man

Feist

My moon, my man
So changeable and
Such a lovable lamb to me My care, my coat
Leave on a high note
There's nowhere to go but on Heart on my sleeve
Not where it should be
The song's out of key again My moon's white face
What day and what phase?
It's the calendar page again Take it slow, take it easy on me
Shed some light
Shed some light on me, please
Take it slow, take it easy on me
Shed some light
Shed some light on me, please My moon and me
Not as good as we've been
It's the dirtiest clean I know My care, my coat
Leave on a high note
There's nowhere to go
There's nowhere to go Take it slow, take it easy on me
Shed some light
Shed some light on me, please Take it slow, take it easy on me
Shed some light
Shed some light on me, please
My moon, my moon, my man
My moon, my moon, my man
My moon, my moon, my man
My moon, my moon, my man
