It's All on U (feat. Liam O'Donnell)

Illenium

At first I didn't think that I was cut enough to bleed Then I saw my secrets getting swallowed by the sea Through a telescope I saw a diamond glow How you brought me home I guess I'll never knowWith god as my witness Never had it so good Jumping into love Fire sets to dry wood Started off as nothing Now it's gold And it's all on you With god as my witness Never had it so good Jumping into love Fire sets to dry wood Started off as nothing Now it's gold And it's all on you(I get my kicks from you) (I get my kicks from you)Can't see, dark road, driving up the hills Looking at the girl, hand barely on the wheel Got no where to go But we can take it slow How you brought me home I guess I'll never know(I get my kicks from you) (I get my kicks from you) With god as my witness Never had it so good Jumping into love Fire sets to dry wood Started off as nothing Now it's gold And it's all on youAnd it's all on you And it's all on you And it's all on you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
