

Why Not Tonight

Reba McEntire

(jon vezner, david stringfellow, nancy montgomery), this song was used on the movie,

tremors Well pardon me but you have my attention

Ever since you strolled into the room

Believe me that it's not my intention

If I appear to come on too smooth It's not like me to make such advances

But this time baby I could not resist

So if you're up for taking a chance on love

I can't see a better time than this

Chorus:

So baby why not tonight

This could be the start of something right

Hey you can take it easy

We can take it so slow

We can take it anywhere that you'd like to go

So baby why not tonight

The stars are out and I'm sure they'll agree

Oh it's a perfect night for falling in love

So why not fall in love with me Oh maybe we could go out for some dinner

And later on how we could do the town

Ya know I consider myself a winner

Just to have a boy like you around

Then if you're up for doing some dancing

Yeah I know a place they dance until the dawn

Anything you like will be alright

So why not take a chance and come along Repeat chorus (why not fall in love, why not fall in

love, baby why not

Fall

In love with me)
