

# Why Not Tonight

Reba McEntire

(jon vezner, david stringfellow, nancy montgomery), this song was used on the movie,  
tremors

Well pardon me but you have my attention  
Ever since you strolled into the room  
Believe me that it's not my intention  
If I appear to come on too smooth  
It's not like me to make such advances  
But this time baby I could not resist  
So if you're up for taking a chance on love  
I can't see a better time than this

Chorus:

So baby why not tonight  
This could be the start of something right  
Hey you can take it easy  
We can take it so slow  
We can take it anywhere that you'd like to go  
So baby why not tonight  
The stars are out and I'm sure they'll agree  
Oh it's a perfect night for falling in love  
So why not fall in love with me  
Oh maybe we could go out for some dinner  
And later on how we could do the town  
Ya know I consider myself a winner  
Just to have a boy like you around  
Then if you're up for doing some dancing  
Yeah I know a place they dance until the dawn  
Anything you like will be alright  
So why not take a chance and come along  
Repeat chorus (why not fall in love, why not fall in  
love, baby why not  
Fall  
In love with me)
