

You & Me Both

Valee

[Chorus]

You and me both
I bought Gucci, not for me, but for you and me both
(CHASETHEMONEY, CHASETHEMONEY)
You and me both
That shit go for you and me both
I bought Gucci, not for me, but for you and me both
Buy a brand new whip, I like to speed, one for you and me both
You and me both
You and me both
You and me stunt
Me and you can run it up or somethin'
Brand new whip, I like to speed, one for you and me both
Nah, that shit don't only go for me, it go for you and me both
You and me both

[Verse]

I got yellowbone bad, I might buy exotic fur coat
(CHASETHEMONEY, CHASETHEMONEY)
I got jeans fadin' fast and that's for you and me both
I got Louis plaid and you know it's not yet in the stores
I got certain tags that's still in my closet on the floor
Ayy, I still do got checks, haven't been deposited before
I got ice on neck, nigga, avalanche, Eskimo
I got bitch on standby, yeah, I just landed, come on
My bitch won't stand by, yeah, I'm just playin', but she won't
My bitch on me like adhesive, let it slide, no, she won't
I got Mary Jane, sound like Mary J. Blige on the phone

[Outro]

I got bitch on standby, yeah, I just landed, come on
My bitch won't stand by, yeah, I'm just playin', but she won't
You and me both
I bought Gucci, not for me, but for you and me both
You and me both
